

LAP BOOK TEMPLATE #5

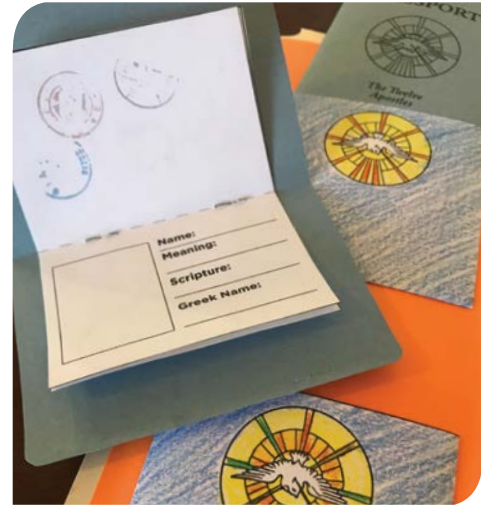

Greek Names of the Apostles

Greek was one of the primary languages during the time of Christ. It is very likely that the apostles would have sometimes been referred to by their Greek name.

For each identity card below:

1. Research to find the Greek name for each Apostle.
2. Draw a picture for this Apostle in the box.
3. Cut out the identity cards and staple them together. Paste the back of the last identity card into the Passport labeled "The Twelve Apostles".

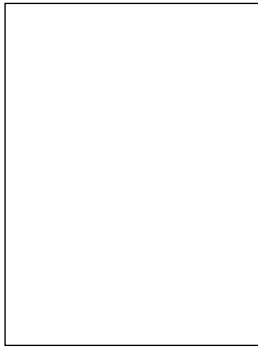

In order to travel to another country you must have a passport showing your identity. When you enter and leave a country you may be asked to show your passport and receive a stamp.

Create your own "passport":

1. Research to learn more about your own name. What does it mean?
2. Does your name translate into Greek, or is there a Greek name that describes you?
3. Draw a picture of yourself.
4. Write your favorite Scripture passage or a passage that you feel describes you.
5. Follow directions from your teacher to receive passport stamps.
