PURITY

THEOLOGY OF THE BODY TIDBITS...

The Eucharist is the great treasure of our Faith! It is housed within the tabernacle. We, as baptized Christians, are a type of living tabernacle because the Holy Spirit dwells within us! We can recognize this great truth by treating others with purity. The virtue of purity helps us treat our body and the bodies of others with reverence. The point of veiling our bodies with clothing is not to just hide something, but to protect and reveal our infinite value as living tabernacles!
