

THANK YOU FOR YOUR WORK

DIGNITY OF WORK

Dear

Thank you
for your work.

Love,

THEOLOGY OF THE BODY TIDBITS...

When God created man, he set him within the garden of Eden "to till and keep it." That means work was always part of God's loving plan for us. Unlike animals, we are capable of thinking about and planning what we do so that's why God puts us in charge of taking care of the rest of creation. It is good for us to work and to help take care of the earth and others.
