THEOLOGY OF THE BODY TIDBITS...

Jesus models perfect love to us through his life, death and resurrection. He loves us freely (he chooses to love us). He loves us totally (he gives his entire life for us). He loves us faithfully (he will never leave us). And his love is life-giving (he gives us abundant life here on earth and in heaven). Discuss with your child how you can imitate God's perfect model of love in your family life.
